Did you know??

A cruise can be cheaper than a non-cruise vacation?

A cruise includes:

- * All meals with as much as you can eat
- * Daily housekeeping
- * Entertainment
- * and lots of square dancing

Your average 13 night vacation at a hotel or other accommodations where you pay per night does not include all meals, daily housekeeping, entertainment or any square dancing. When you add those to the nightly rate, the total cost can be much more than a cruise.
